

Together to promote human rights

Activity report

Committee for promoting the culture of human rights

The period from January 2023 until August 2023

In the context of the National Council for Human Rights' (NCHR) implementation of its national campaign to spread the culture of human rights and in accordance with the time plan, the work team implemented the activities and events of the first phase of the campaign at the state level, in cooperation and coordination with governmental and non-governmental agencies, which aims to reach the best frameworks and ways to achieve the objectives of the campaign and definition the national human rights strategy.

In this regard, the Human Rights Culture Dissemination Committee implemented (25 activities) within the framework of the first phase of the campaign.

These activities had a wide range including: -

- Coordination meetings amounted to (5 meetings) aimed at cooperation and coordination between the Council and government agencies to contribute to the implementation of the national campaign to spread the culture of human rights.
- Dialogue meetings amounting to (10 dialogue meetings) aimed at introducing the national campaign to spread the culture of human rights, the National Council for Human Rights, the national strategy for human rights, and the role and responsibilities of all segments of society.
- Awareness meetings amounted to (10 awareness meetings) and aimed at qualifying the targeted community groups, the most important of which are: -
 - Government cadres (heads of city and center councils - directors of service directorates - employees of public offices in the governorates - officials of human rights units in the governorates)
 - Officials and workers of associations and civil institutions in the governorates

Together to promote human rights

- Young men of both sexes, members of the Youth Parliament in the governorates
- Students at universities and members of student unions

The committee seeks to complete its work plan by implementing programs and activities in cooperation and coordination with the concerned authorities
