

Field Visit - Health Insurance System in Luxor

November 29, 2023

To inspect the Comprehensive Health Insurance System:

A meeting was held with representatives of the Luxor Health Insurance Authority, and field visits were conducted to several hospitals and family medicine units to assess the aspects of healthcare provision in Luxor Governorate. These include the Luxor Family Medicine Center, Isis Specialized Hospital, Manshiyat al-Nubia Family Medicine Unit, and the Specialized Children's Hospital. The Council commended the efforts made to care for citizens, and recommended the need to expedite the implementation of the next phases of the system in the remaining governorates, in accordance with the law and presidential directives.
